

MAXI ARROW

Easy Mount, Great Visibility

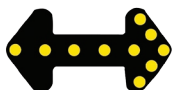

APPLICATIONS

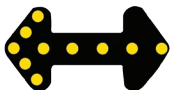

- Highways & city streets
- Airports & toll booths
- Parking lots & garages
- Malls & shopping centers
- Military bases & border crossings
- Stadiums & casinos
- Construction areas

FEATURES & BENEFITS

The National Signal Maxi Arrow is powered by 12 VDC and can be utilized for many mounting applications. The compact one-piece design, with multiple mounting holes, allows for easy mounting and greater visibility.
