

# TM 250/300

## Portable Message Sign Series

### ABOUT OUR SIGN

Our vehicle mounted message signs provide an extra level of communication by displaying moving arrows as well as various font sizes and graphics. There are two sizes from which to choose depending on vehicle size and application. The signs are electrically raised and programmed operated from the cab of the vehicle through a color touch screen.

### Features

- ✓ Truck Mounted
- ✓ LED AllnGaP Technology
- ✓ Reliable and easy to operate
- ✓ Up to 3 lines and 12 characters
- ✓ Color Touch Tablet
- ✓ Cost Effective
- ✓ Numerous of pre-programmed messages, MUTCD symbols, and operator-created messages
- ✓ High torque electric motor
- ✓ Meet or exceed all state and federal highway MUTCD traffic safety specifications
- ✓ Replace characters without the need for tools

Built in libraries allow the user to quickly select stored messages or create their own and save them for later use.

### Options

#### SIGN WINDOW

1/8" non-glare polycarbonate
